Policy conditions

PPZ01012026GB

TRANSLATION:

These conditions have been translated from the original Dutch wording.

In case of differences between the wording of these conditions and the original Dutch wording, the provisions of the latter shall prevail.

Introduction

Damage that is caused to someone else with your car is reimbursed with this Passenger car package insurance. It is also possible to insure damage to the car or the trailer.

The policy conditions of this insurance are set out below. The following, amongst others, are included:

- the applicable rules;
- our and your obligations;
- how the premium is established;
- the reimbursements or assistance to which you are entitled;
- what you should do in the event of a claim.

It is important that you read these policy conditions carefully. This will ensure that you are fully aware of what actions you should take and your entitlements.

We will send you a policy if you take out insurance with us. The policy sets out the contingencies for which you are insured. Any special conditions that are applicable to this policy can also be included on this. Please make sure that you safely store your policy and the accompanying documents.

Check the table of contents for the topic you wish to learn more about. This is the quickest way to find the topic.

A description of the General Conditions is given after the explanation of the used terms. These are the conditions that apply for the entire insurance. After this, we then describe the conditions per cover. Your insurance cover is stated on the policy.

If you would like to know whether we reimburse your damage, do not just look at what is insured, it is also important that you look at what is not insured. The excess, the amount of the maximum reimbursement or other special details also possibly influence the amount that will be reimbursed.

Explanation of used terms

The following terms and words are explained to ensure that these policy conditions are as comprehensible as possible. The terms that appear in these conditions are given below. The terms that we use with the conditions per cover are explained in that section.

Accessories: the extras that are not part of the standard features of the car, but are incorporated later. Extras that increase the safety factor are also deemed to be accessories.

Car: the vehicle that is stated on your policy. This is in the model range as it was marketed by the manufacturer or importer, including fuel and all the extras that are needed in order to be able to use them.

Extra's such as accessoires, special paint, wrapping and other constructions fitted later are only included in the car if they have been reported to us and are included in the insured value.

We also count extras that increase the safety factor such as a warning triangle, first-aid kit, emergency light, tow-rope, tie-down straps and fire extinguisher as part of the car. You do not have to include these in the insured value.

Current market value: the amount needed to purchase a similar car immediately before the damage.

Cover: this describes the risks for which you are insured. This policy provides various types of cover.

Excess: this is the part of the claim that we do not reimburse. If the damage is to your own property then you receive the amount of the claim minus the excess. If the damage is to someone else then we mostly reimburse the entire claim, but then you have to pay us the excess.

Fraud: you commit fraud if you intentionally mislead or attempt to mislead us in order to receive a payment or to achieve the fulfilment of an obligation to which you are not entitled. Fraud also includes seeking to benefit in another way without having any right to compensation, payment or the fulfilment of an obligation by intentionally giving us incorrect information.

Event: the event or connected events whereby damage or liability arises.

Passengers: the driver and anyone who has a seat in the car with permission.

New value: the last known list price of a new car, of the same make, model and version, as the insured car at the time of the damage. We determine what the new-for-old value is on the day of the damage. The new new-for-old also includes accessories, delivery costs, BPM (private motor vehicle and motorcycle tax) for cars subject to BPM and disposal contribution.

Breakdown: a mechanical or technical problem that makes the vehicle unable or unfit to drive.

Policy: The documents showing how you are insured. The policy consists of one or more policy sheets, the corresponding policy conditions and any clause sheet(s).

Regular driver: the person who as a general rule drives the car.

Residual value: the value of the car immediately after the damage. This value is determined by the surveyor.

Sanctions list: A list of persons and organisations against whom sanctions have been imposed, drawn up by a country or organisation on the basis of national and international laws and regulations. These include sanctions lists of the Netherlands, the European Union, the United Nations, the United States, the United Kingdom, Belgium and France, for example.

Sanctions law and regulations: any (inter)national laws and regulations on trade and economic sanctions. Including, for example, a sanctions list.

Total loss: if the repair costs exceed the current value immediately before the damage minus the residual value. It is also a total loss if the repair costs exceed two-thirds of the current value of the car immediately before the damage. Theft and embezzlement are also a form of total loss.

Example of total loss

If the repair costs exceed two-thirds of the car's current value, we no longer consider it reasonable and responsible to repair the car. In such a case, therefore, we consider your auto a total loss. You will then receive a higher payment. We will clarify this with the example below.

Current market value of auto: € 40.000

Damage repair costs: € 30.000

Residual value of truck after the damage: € 5.000

The repair costs (€ 30.000) are higher than two-thirds of the current value (€ 26.666). You will not receive the repair costs (€ 30.000) but the current value (€ 40.000) minus the residual value of the car after the damage (€ 5.000). You will therefore receive € 40.000 - € 5.000 is € 35.000. However, the excess is deducted from this. The amount of this excess is shown on your policy.

Policyholder/you: the party entering into the insurance agreement with us.

Traffic accident: a traffic accident with the insured car, for instance a collision, crash, running over, fire, lightning strike and running off the road.

Insured: the policy holder, the owner, possessor and keeper of the car. And the persons who with your permission are allowed to drive or ride in the car.

We/ourselves/us: TVM verzekeringen N.V.

General Conditions

The conditions that are applicable on the entire insurance are set down in this chapter. Thus make sure that you read this carefully so that you will not have any unpleasant surprises later on.

1. With whom are you insured?

You are insured with TVM verzekeringen N.V. (Chamber of Commerce number: 53388992, Dutch Authority of the Financial Markets (AFM) registration number 12040443); www.tvm.nl. Our address is: Van Limburg Stirumstraat 250, 7901 AW, Hoogeveen. Our postal address is: PO Box 130, 7900 AC, Hoogeveen.

Taking out this insurance entitles you to apply for membership of the Coöperatie TVM U.A. This is not possible if the insurance is handled by an authorised agent of TVM or if your company is established outside the Netherlands. Coöperatie TVM U.A. is entitled to cancel the membership if the insurance is going to be handled by an authorised intermediary. An authorised intermediary is someone or an organization that may accept insurance on our behalf.

This agreement is governed by Dutch law.

2. What rules apply to the insurance commencement and expiry dates?

2.1. Start, contract term and renewal of insurance

Insurance cover will be provided as of the commencement date stated in your policy.

The policy also shows the contract expiry date and contract term of your insurance. If you do not make new agreements with us before this date, the insurance will be automatically renewed for a period of 12 months.

You are not entitled to receive compensation for damage resulting from an event that occurs before the policy commencement date.

2.2. When can you terminate the insurance?

You can terminate the insurance at any given moment in writing if you have not concluded any new agreement with us after the first contract term. A notice period of one month applies to this.

You can terminate the insurance in writing per policy renewal date, if you have agreed a (new) contract term with us. A notice period of two months is applicable in such an instance.

2.3. When can we terminate the insurance?

We can terminate the insurance with effect from the policy renewal date. We will notify you in writing two months before the policy renewal date.

We can terminate the insurance with immediate effect if:

- you do not pay the premium or the excess at all or on time;
- you deliberately mislead us by providing incorrect or insufficient information when taking out or during the term of the insurance;
- you have not supplied the correct information in case of a claim;
- your business activities change;
- your company goes bankrupt. We do not provide cover from the moment you are declared bankrupt;
- you, by court order, may defer your payments (suspension of payments);
- your company ceases to exist;
- it is established that there is a case of (an attempt to commit) fraud involving this insurance or any other insurance taken out with us. We are entitled to terminate all insurance policies that you have with us as of the date of the letter in which we inform you accordingly;
- you no longer have an interest in the insurance (such as in the event of total loss or sale of the car). It is important that you inform us as soon as possible, but at least within seven days.

We always refund premiums paid in excess. We do not do this in cases of (attempted) fraud.

We can terminate the insurance with immediate effect if:

- you are included on the **sanctions list**;
- you are a legal person, of which a holder of 25% or more of the shares is included on the **sanctions list**;
- you are a legal person and controlled by a (natural or legal) person who is included on the **sanctions list**. Consider here, amongst others, a director and/or a supervisory director;
- **sanctions laws and regulations** prohibit us from executing your insurance.

We may terminate the insurance with two months' notice in the interim if you fail to cooperate, or in our opinion cooperate insufficiently, with:

- establishing the beneficial owner ("UBO") of your legal form. This includes your failure to complete a UBO form or to do so on time;
- establishing whether you or the ultimate beneficial owner of your legal form appears on a Sanctions list.

If one of the above points apply to you or if national or international rules apply that forbid or restrict this, then:

- we will not provide cover under this insurance;
- we will not make any payments to you or on your behalf;
- we will not refund excess or prepaid premiums.

We cannot be obliged to do so as long as the sanctions are in place.

3. May we change or terminate the insurance in the interim?

3.1. Change to your insurance

We are allowed to change the premium and/or conditions of your insurance in the interim. You will receive a letter or email from us at least 30 days before the change takes effect.

3.2. Do you object to the changes?

If you object to the changes, you are entitled to cancel the insurance. You may simply inform us by means of a letter or email that you wish to cancel the insurance. You must, however, do so within 30 days of the date of our notification of implementation of the change. The insurance will then be terminated as of the date of implementation of the change. This date is stated in our notification. If you do not send us a letter or email within the 30-day period, the changes will also apply to you.

3.3. Under what circumstances are you not entitled to cancel the insurance?

You cannot cancel the insurance if the change is due to:

- an amendment to legislation or regulations or if it follows from case law;
- an extension of the cover;
- a reduction in the premium;
- an alteration that is either in your favour or bears no further consequences in your case;
- an adjustment due to indexation.

3.4. Termination of your insurance

It is in everyone's interest that we remain capable to of fulfilling our service obligations in the future. In exceptional cases it may be necessary for us to terminate the insurance in the interim. We then do this simultaneously for an entire group of clients or insurances in the same way and at the same time.

A situation may arise in which a termination cannot wait until the insurance is renewed, for example because it may have serious financial consequences for us or because legislation obliges us to do so.

Explanation

Special cases are, for example, where we cannot, or cannot at a reasonable premium, reinsure ourselves against certain risks. Or if legislation prohibits us from insuring certain risks.

If we are going to terminate the insurance in the interim, we will, of course, always let you know beforehand. By letter or email we will then explain exactly why we are terminating the insurance in the interim.

4. How do we treat your personal data?

When you request insurance, we ask for your personal details. We are a subsidiary of Coöperatie TVM U.A. Coöperatie TVM U.A. and its subsidiaries share your personal data for the following purposes:

- recover from you any (investigation) costs incurred and/or damage compensated;

- we can terminate all insurance policies you have with us.

6. What are your options in case of complaints?

7. What are your obligations?

7.1. What do we expect from you?

We expect you to:

- comply with the rules applicable to this insurance;
- comply with government regulations;
- provide us with correct information when taking out the insurance; We will conclude the insurance policy with you based on this information;

- inform us immediately about changes during the term of the insurance, such as:
 - change of business activities;
 - a business takeover;
 - a change of your address and/or contact details or bank account number;
- inform us:
 - if the car will be outside the Netherlands for longer than eight consecutive weeks;
 - if you drive more kilometres in an insurance year than the amount we agreed with you. The kilometres limit is stated on the policy schedule.
- pay your premium and excess on time.

The terms and conditions of the cover you have taken out may contain additional rules and instructions you must comply with. Read these rules carefully, then you will know what we expect of you.

7.2. What if you fail to fulfil the obligations

Your failure to comply with the obligations under this policy may prejudice us. If we are prejudiced by this, we will be entitled to not pay all or part of your claim or stop providing assistance:

- terminate the insurance immediately;
- reimburse us for any payments and/or costs we have incurred.
- do not or only partially pay your damage;
- increase the premium;

8. What must you do if your business activities change or you are involved in a company takeover?

A change in business activities, a company takeover or a company split must be reported to us immediately.

We will inform you whether we will continue to offer the insurance and under which conditions. You will be informed of this 30 days after we have received the information. No cover will be provided for the changed risk until we have issued confirmation of (provisional) cover to you.

9. How do we calculate the premium?

Your insurance may be subject to a no-claim discount. This means that you get a discount on your premium for damage-free driving. Besides a premium with no-claim discount, we also offer the option of a premium without no-claim discount. The policy states what has been agreed with you.

Your insurance may be subject to a no-claim discount. This means that you get a discount on your premium for damage-free driving. Besides a premium with no-claim discount, we also offer the option of a premium without no-claim discount. The policy states what has been agreed with you.

We may annually adjust the premium to be determined in line with price developments. We base this on the household price index figures published by Statistics Netherlands (CBS).

9.1. No-claim discount

The no-claim scheme works as follows:

- At the start of the insurance, we set the rating on the no-claims table and thus the discount.
- Have you driven a year without claims? Then the rating is adjusted upwards according to the no-claims table.
- Did you in any year submit a claim paid for by us? Then the rating will be adjusted downwards in the new insurance year in accordance with the no-claims table.

9.2. No-claim table

Current rating	Discount	The rating after an insurance year without claim	The rating after an insurance year with 1 claim	The rating after an insurance year with 2 claims
Rating 1	0%	Rating 2	Rating 1	Rating 1
Rating 2	10%	Rating 3	Rating 1	Rating 1
Rating 3	20%	Rating 4	Rating 1	Rating 1
Rating 4	25%	Rating 5	Rating 1	Rating 1
Rating 5	30%	Rating 6	Rating 1	Rating 1
Rating 6	35%	Rating 7	Rating 1	Rating 1
Rating 7	40%	Rating 8	Rating 2	Rating 1
Rating 8	45%	Rating 9	Rating 3	Rating 1
Rating 9	50%	Rating 10	Rating 4	Rating 1
Rating 10	55%	Rating 11	Rating 5	Rating 1
Rating 11	60%	Rating 12	Rating 6	Rating 1
Rating 12	65%	Rating 13	Rating 7	Rating 1
Rating 13	70%	Rating 14	Rating 8	Rating 2
Rating 14	75%	Rating 15	Rating 9	Rating 3
Rating 15	75%	Rating 16	Rating 10	Rating 4
Rating 16	75%	Rating 17	Rating 11	Rating 5
Rating 17	75%	Rating 18	Rating 12	Rating 6
Rating 18	75%	Rating 19	Rating 13	Rating 7
Rating 19	75%	Rating 20	Rating 14	Rating 8
Rating 20	75%	Rating 20	Rating 15	Rating 9

With 3 or more claims, the rating in the new insurance year always becomes 1 (i.e. no discount).

Example no-claim discount

Suppose your current rating is 10. In the table, you can see that this corresponds to 55% discount on your premium. If after one year of insurance you have not caused any damage that we have to pay, you will move to rating 11. This corresponds to 60% discount.

If we do have to pay a claim then you go back to rating five. Your premium discount will then be reduced by 25% and will still be 30%.

9.3. Which claims do not affect the no-claim discount?

The following claims do not affect your no-claim:

- if the compensation paid by us has been recovered in full;
- damage we cannot recover because agreements have been made about it within the Dutch Association of Insurers. The liability of the other party must then have been established;
- damage you take for your own account and you have repaid to the compensation to us. You must have repaid this to us within one year after the extent of the damage was communicated to you;
- damage that is insured under 'Limited Vehicle' cover;
- claims which we must pay by law, but where the driver of the car cannot be blamed for causing the damage;
- assistance in case of a traffic accident;
- damage that we according to the law have to pay, but where no blame whatsoever can be attached to the driver of the car when the damage occurred.

9.4. Regional discount

We recognize several regions. The amount of the premium for the insurance can depend on the region in which you reside. If there is a case of several regular drivers, then we apply the region with the highest premium.

10. What are the rules for payment of premium and excess?

10.1. Payment of first premium

The insurance commences on the agreed date, when you pay the first premium within 30 days after the invoice date. If you fail to do this: Then we assume that you are no longer interested in taking out the insurance. Then you were not insured with us.

10.2. Payment of following premiums or any excess

You pay the following premiums within 30 days of the invoice date. This also applies to any excess that we charge you. If you fail to do this, we will send you a payment reminder.

If you do not pay or do not pay on time after receiving the reminder:

- After 15 days, calculated from the date when we send you the reminder, you will no longer receive compensation for any new claims.
- In this case, we shall also be entitled to terminate the policy.
- If you do pay, but not on time and we have not yet terminated the policy, you will once again receive compensation for new claims as of the day following the day on which we receive payment.

You are always obliged to pay the premium or a charged excess. If we initiate a (legal) process for the payment that you have to pay, then any associated (collection) costs incurred are for your expense.

11. What is not insured?

We do not provide assistance or pay for damage if caused during or arising from:

- use other than expressly agreed, such as:
 - (sub)rental;
 - paid passenger transport;
 - giving driving lessons;
 - participating in or training for speed or agility competitions;
 - participating in festive processions.

We define festive processions as events with persons on a trailer, semi-trailer, or cart, and/or where persons walk around the car. Examples include carnival and championship parades, flower and fruit parades, etc. If you are participating in such a parade, contact us to discuss insurance options.

- a driver who was not authorised to drive the car. We define this as a driver who is not authorised to drive or who should not be considered capable of driving;

For example

Someone who has no valid driving licence or is disqualified from driving, or when the driver is driving under the influence of so much alcohol, drugs or medication that he/she should not be considered capable of driving a car. This is in any event the case if the legally permitted maximum (promille/ugl) has been exceeded. Has your license expired? In that case you remain insured, provided your driving license can be renewed without the need to take an examination or driving test.

- a driver has stolen the car, or knows it has been stolen;
- a driver refuses to cooperate with a breath or urine test or blood test;
- if the accompanying driver does not meet the 2toDrive regulations (for supervised driving);
- intent, conditional intent, recklessness or with the approval of an insured;
- fraud.

It is possible that the above mentioned claims are insured. This is when you can prove that you were unaware of the situation and you also did not want it to happen and you could not prevent the situation from occurring.

Additionally, we do not provide assistance or pay a claim resulting from:

- nuclear reactions, which we define as any nuclear reaction in which energy is released, including nuclear fusion, nuclear fission or artificial and natural radioactivity;
- acts of war, which we define as:
 - **Armed conflict:** any situation in which states or other organised parties fight each other, or at least one fights the other, using military force. Armed conflict also includes military action conducted by a peacekeeping force of the United Nations.
 - **Civil war:** large-scale armed conflict between groups of inhabitants of the same state.
 - **Insurrection:** organised large-scaled violent resistance within a state, directed against public authority.
 - **Domestic disturbances:** large-scale violent acts occurring in various places within a state.
 - **Riot:** a local, large-scale and violent action by a group of people, directed against public authority of a state.
 - **Mutiny:** a more or less organised movement by members of an armed force, directed against the authority to which they are subject. Authority is understood to mean not only Dutch authority but also authority from the European Union, NATO or the United Nations.
- (bio)chemical, biological or electromagnetic weapons;
- seizure by a Dutch or foreign authority.

We also do not compensate damage:

- regarding goods for which this is not permitted according to national or international regulations;
- if the car remains outside European Union countries for more than eight consecutive weeks;
- if the aim is to cause damage through the use of computers and software;
- to persons, companies, authorities and other parties where this is not permitted according to national or international agreements.

12. Is the damage also insured under another insurance policy?

Are there other insurance policies or schemes that also pay the same claim? Then you are expected to immediately inform us about these.

We will not pay a claim if it is already paid under a scheme, law or another insurance policy or if the claim would have been paid if this insurance had not existed with us.

If this insurance policy covers more than the amount compensation under this scheme, law or other insurance policy, because the sum insured is higher or the policy conditions are different, we will only compensate the damage that exceeds the higher sum insured or that you are entitled to receive under the policy with different conditions. We will not pay any excess under that other insurance or scheme.

We will pay the claim though if the other insurance is accident insurance.

13. When do we recover the paid claim?

We are entitled to recover the paid claim and incurred costs if:

- the driver drunk more alcohol than permitted by law;
- the driver was under the influence of a stimulant or narcotic substance or medicine. This does not apply if the use is on doctor's orders, unless the driver could have known that the substance or medicine could affect the ability to drive;
- the driver did not have a valid driving licence;
- the driver or insured party caused damage intentionally or through reckless behaviour;
- the insured agreed to the damage occurring;
- someone used the car without your permission. Then we will recover the damage from the person who used the car;
- a person other than an insured is liable. In that case, we will recover the damage compensated from that other person.
- there is no cover for some other reason.

14. In which countries are you insured?

You are insured in the countries where your International Motor Insurance Card is valid.

If border insurance is compulsory for a country, you must use it. The cover of the frontier insurance takes precedence over the cover of this passenger car insurance.

15. What must you do in case of damage?

You must report damage to us as soon as possible, within three days at the latest. This can be done in the following ways:

- personal assistance in case of illness or accident abroad.

15.2. What must you do in case of damage?

- supply all the information that could be important for the settlement of the claim. This is for example the case when someone else is liable for the damage;
- cooperate in order for the claim to be settled quickly and properly;

- send us all documents that relate to the claim as soon as possible.

You are also not allowed to make any commitments, statements or undertake actions regarding the compensation of damage.

If you do not adhere to these rules, we could be prejudiced as a result. Then we are entitled not to pay or only partially pay your claim. In Article [7.2](#) 'What if you fail to fulfil the obligations?' you can read what other implications this may have for you.

15.3. Repair by an affiliated body shop

If you have the damage to your car repaired by an affiliated body shop, you are entitled to the following benefits:

- a discount of up to € 250 on the excess;
- replacement transport for the duration of the repair up to a maximum of 30 days or, at your choice, having the car picked up and delivered for repair;
- direct payment by us to the body shop.

If you want to take advantage of this, contact us for a list of affiliated body shops in your area.

A different arrangement applies to windscreen damage. For this, check your policy or International Motor Insurance Card.

15.4. What do you need to know after reporting a claim?

In that case:

- We can engage counsel if criminal proceedings are instituted against an insured;
- If you make a claim, you automatically authorise us to settle this claim on your behalf;
- We may pay directly to the beneficiary.

15.5. Who determines the claim?

We can engage a loss adjuster to determine your damage. The costs incurred for this are for our account.

If you disagree with the assessment of the loss adjuster then you can engage your own loss adjuster. The costs incurred for this are initially for your own account.

You must have reasonable grounds for engaging your own loss adjuster, meaning that the costs of your loss adjuster must weigh up against the difference that you expect in the assessed value of your claim. For example, the costs of this loss adjuster must outweigh any difference you expect in the assessment of the damage.

We will in any case pay the costs of your loss adjuster up to the amount charged by our loss adjuster. If the costs of your adjuster exceed the costs of our loss adjuster, we will only compensate these additional costs if they are reasonable.

In case both loss adjusters cannot agree, a third loss adjuster will be appointed by both loss adjusters prior to the substantive examination by the second loss adjuster. If both loss adjusters cannot agree, the appointed third loss adjuster will determine the extent of the damage. This determination is binding on you and on us. The costs of this third loss adjuster will be compensated by us.

15.6. What if you cannot use your car because it is being repaired or serviced?

So long as the insured car is temporarily unavailable due to repairs or service, the cover chosen by you is also valid for a similar replacement car. This insurance cover is valid for a maximum of thirty days. You have to immediately inform us of the temporary replacement. If the replacement car is already insured, this cover is not applicable.

16. How is a claim resulting from acts of terrorism handled?

A claim caused by terrorism is compensated based on the Claims Settlement Protocol and the accompanying Clauses sheet Terrorism Cover of the Dutch Terrorism Risk Reinsurance Company (clausuleblad terrorismedekking of the Nederlandse Herverzekeringsmaatschappij voor Terrorismeschaden (NHT)). This means that if you have suffered damage as a result of an act of terrorism your damage might not be fully compensated.

The complete text of the protocol and the clause sheet is available at and on the site www.tvn.nl.

Further information can be found in the Clauses sheet Terrorism Cover. This clause sheet can be found at the bottom of these terms and conditions.

What does your insurance cover?

18. Assistance in the event of a traffic accident

If you have Third Party liability insurance on your car, then you automatically have this cover. This cover is intended to offer help to the insured (driver) in the event of a traffic accident. The overview below states what is and is not insured.

18.1. What is insured within the Netherlands?

You will receive emergency assistance if:

- the car can no longer be driven as a result of a traffic accident;

19. Comprehensive insurance cover (damage to your car)

This section describes the various cover types. Your policy states whether you have any of these types of cover.

19.1. Full comprehensive cover and Restricted comprehensive cover

19.1.1. What is insured?

This insures you for damage to your vehicle. The table below shows which causes your vehicle is insured against. Your insurance cover is stated on the policy.

Limited Vehicle

Insured is damage caused by:

- Fire
- Explosion
- Implosion
- Self-ignition
- Short circuit
- Lightning strike

With the exception of lightning, these causes are also insured if they are the result of inherent vice. Own fault exists if the cause is in the product itself, e.g. caused by wear and tear, construction, material or manufacturing faults.

Also insured is:

- Theft of the car or parts thereof;
- Break-in/forcible entry;
- Joyriding;
- Misappropriation or an attempt of this.

It applies for these incidents that also the damage to your car during driving is insured with this.

And beyond that, it is also insured:

- The replacing of car locks if the keys of the car have been taken by violence, threat of violence or from a properly secured building after a break-in.
- Collision with birds and stray animals. The damage must have been caused directly by the collision. Consequential damage after the collision with an animal is not insured under Limited Vehicle. For example, if you crash into a tree after the animal collision.
- Colliding with an aircraft or parts thereof.
- Flood, tidal wave, hail, avalanche, earthquake, volcanic eruption, falling rocks, collapse and landslide.
- Breaking or cracking of front, side and rear windows and damage caused by the shards. This is only insured if there is no other damage to the vehicle.
- Storm (this is a wind speed of at least 14 metres per second, wind force seven).
- General average. See 'Definitions' for an explanation.
- Damage caused while transporting the vehicle. For example, on a tow truck.
- Vandalism

Comprehensive Vehicle

Insured is damage to your car caused by:

- The causes listed under Limited Vehicle
- Collision, impact, overturn, going off the road or into water. This applies even if this damage is the result of a defect in car itself.
- Hoisting the car on and off an inland navigation vessel. Damage incurred while the car is on the inland navigation vessel is also insured;
- Any other sudden external causes causing damage.

19.1.2. What is not insured?

No cover is provided for:

- damage caused by freezing;
- damage to pneumatic tyres only if no other damage to the car occurred at the same time. This does not apply to damage caused by vandalism;

- scrapes, scratches or damage to paintwork caused during transport;
- wear and tear (gradual decrease in strength and serviceability due to continuous normal use or exposure);
- mechanical damage due to improper use;
- damage caused by depreciation.

In Article 11 'What is not insured', Article 12 'Is the loss also insured under another insurance' and Article 16 'How is a claim resulting from acts of terrorism handled?' you will find what else is not or not fully insured.

19.1.3. Excess

For the excess applies:

- The excess is stated on your policy. This applies per event.
- This implies that if several cars are damaged in a single event, only one excess is applicable.
- No excess applies to:
 - a contribution to General Average;
 - replacement of car papers/toll boxes;
 - costs of security.
 - replacement of locks after theft of the car key.
- An excess is also not applicable in the event of the total loss of the car, unless it is the result of theft or misappropriation, or if the car security and protection conditions are not met.

19.1.4. Important to know in case of damage

Important for you to know in case of damage:

- We determine the damage within 30 days, after we receive all details.
- You must give us two consecutive working days to record the damage before such repairs are made.
- You may have emergency repairs made up to € 500 without our prior consent.
- In case of theft, we will pay the claim after 30 days from the day you reported the theft to us.
- We pay the compensation in the event of total loss after the property of the car, including the extra items to be reimbursed by us are transferred to us or to a party to be appointed by us. You are hereby required to also hand over the car registration papers (including car registration certificates or cards with codes), keys and other electronic means for opening the doors. In the event of theft or misappropriation, the claim is the current market value of the car at the moment just before the event.
- You do not have the right to hand over (abandon) the damaged or stolen car to us.
- You can claim statutory interest from the day you are formally legally entitled to it.
- If you have indicated that your car is financed or leased and we have noted this on the policy, compensation for damage will be made to the financier or leasing company mentioned on the policy.
- You are entitled to a replacement car if your car (in the Netherlands):
 - was stolen or damaged in such a way after a traffic accident that you can no longer drive it, and;
 - is not a lease or rental car, and;
 - no use is made of transport per taxi.
- The replacement car is at most a medium-class car and the replacement applies until your car has been found or repaired, but never more than 5 days.
- If you do not use replacement transport, you will be entitled to receive an allowance of € 25 per day during the period in which you could not use the car until the car has been or could reasonably have been repaired. You may receive this allowance for a maximum of 10 days. In the event of theft or misappropriation, you will receive the allowance until the moment the car is found. The maximum period in this respect is 30 days. No excess applies to the daily allowance.

See also Article [15](#) 'What to do in case of damage?'

19.1.5. What is the maximum compensation?

The maximum compensation depends on the following provisions:

- You are insured for each claim up to the maximum insured amount of your car on the policy.
- We compensate the repair costs. These costs may not be higher than the current value of the car before damage minus the value after damage.
- In case of total loss, we will pay according to "Valuation in case of loss" as mentioned in the table below.
- All allowances are reduced by the residual value after damage. In case of theft and misappropriation, there is no residual value.
- If damage from an older date is still present that has not been professionally repaired, this damage will be deducted from the compensation.
- A maximum of €500 applies to permanently installed electronics. If a higher amount was taken into account when determining the insured value of the car, that amount applies as the maximum.

19.1.6. Value appraisal in the event of damage

We determine the value of the car directly before the damage or the loss of the car based on the new value and whether or not you are the first owner of the car.

Is the current market value higher than the calculated value? Then we use the current market value.

This value appraisal does not apply for lease or rental cars. The current market value always applies here.

New value	Amount of the compensation
Less than €35,000, where you are the first owner	The first year, the new value. After the first year, a depreciation of 1.5% on the first €7,500 and 2% on the balance applies from the seventh month.
More than €35,000, where you are the first owner	The first 6 months, the new value. A depreciation of 1.5% on the first €7,500 and 2% on the balance applies after 6 months.
Less than €35,000, where you are not the first owner	The first 6 months that you have the car, the purchase price according to the original bought note of a car dealer registered with the Chamber of Commerce. The current market value after these 6 months.
More than €35,000, where you are not the first owner	The current market value.

20.2. What is not insured?

No cover is provided for death or permanent disability due to:

- pre-existing disability;
- committing or being involved in a crime;
- the occurrence of a traffic accident due to an insured's illness. If the illness resulted from a previous traffic accident that was insured, cover is provided;
- aggravation of the consequences of the traffic accident due to illness, mental or physical abnormality;
- mental disorders. Cover is provided if these are the result of brain damage caused by the traffic accident;
- disability linked to the exercise of a specific profession.

Also not insured is permanent disability if the occupant is 70 years or older.

See also Article [15](#) 'What to do in case of damage?'

20.6. What is the maximum compensation?

The following applies to the maximum compensation:

- The sum insured as stated in the policy.
- If there are more occupants than what is given on the policy schedule, then the compensation for every occupant is reduced in proportion to the actual number of occupants.

20.7. Special details

Further special details are:

- In case of death due to a traffic accident, we will pay the sum insured. What if the insured dies within a year of the traffic accident? Then the amounts already paid for permanent disability for this same traffic accident will be deducted from the payment.
- In case of permanent disability, you will be reimbursed a percentage of the sum insured. You can see how high this percentage is in Article [20.8](#).

- In case of permanent disability not mentioned in Article 20.8, a percentage of the sum insured is paid out equal to the percentage of permanent disability. This percentage is determined by our medical advisor according to the standards laid down in the latest edition of the A.M.A. Guide and, where possible, calculated as a total percentage of the upper extremity (arm to shoulder joint) and/or the lower extremity (leg up to the hip joint).
- The insured's occupation is not taken into account when determining permanent disability.
- We determine the degree of permanent disability as soon as the condition is stable (i.e. will no longer improve or deteriorate).
- Is the percentage of permanent disability not yet determinable because it can still change? Then we may reasonably postpone the decision on the amount of the payment.
- As soon as we have all the data and there is a final medical condition, we will determine the amount of the payment and communicate it to you.
- If pre-existing conditions and/or disabilities increase the consequences of a road traffic accident, we will not pay out more than if the insured were fully able-bodied and healthy.
- The payment is made to the person who suffered the road accident.
- In case of death, the payment will be made to:
 - your spouse if you are married at the time of death;
 - your partner, as stated in the notarised cohabitation contract or registered partnership, with whom you are cohabiting unmarried at the time of death.
- If you do not have a spouse or partner at the time of death, the payment will be made to your legal heirs. If you also have no legal heirs, no payment is made.

20.8. Payment percentages in the event of permanent disability

In case of non-full disability, you will receive a percentage of the amount you have insured for. You can read the percentages in the table below.

In case of complete (functional) loss of:	Percentage of insured amount
Both eyes	100%
One eye	30%
If full payment is made from this insurance for one eye, the other eye	70%
Hearing in both ears	50%
Hearing in one ear	20%
If full payment is made from this insurance for one ear, the other ear	30%
Smell and/or taste	10%
Arm up to the shoulder joint	75%
Arm up to the elbow joint	67,5%
Elbow joint	60%
Hand	60%
Thumb	25%

Leg up to the knee joint	60%
Foot up to the ankle joint	50%
Big toe	5%
Other toe	3%

You will receive a maximum of 100% of the sum insured.

Can you still use part of a body part? Then you will receive part of the percentage. Can you not use more than one finger of the hand? Then you will not receive more than in case of (functional) loss of the entire hand.

20.9. Do you have a dispute with us about the amount of or entitlement to payment?

If so, a committee of three doctors will be appointed. One doctor will be appointed by you and one by us. Then these two must choose a third doctor before starting the examination. If the first two disagree, the third doctor will decide. Everyone must abide by this decision.

20.10. When do we pay compensation?

We will make a payment for permanent disability within three years of the traffic accident. We make the payment earlier if it can be established that the health situation will no longer change.

Does the insured die within one year after the traffic accident and is the death not the result of the traffic accident? If we have not already made a payment for permanent disability, we will no longer make this payment.

Does the insured die later than one year after the traffic accident and is the death not the result of the traffic accident? If we have not yet made a payment for permanent disability, we will do so now. We will pay on a disability basis as if the insured had remained alive.

Has no permanent disability been established after one year? Then at the time of payment (after the first year) the amount will be increased by 3% per year.

22.7. How do we deal with a conflict of interest?

A conflict of interest exists if two or more parties in the same dispute are entitled to by TVM rechtshulp. In that case, the following rules apply:

- If it concerns a dispute between you and one of the co-insureds on this insurance, only the policyholder is entitled to legal assistance by TVM rechtshulp.
- If it concerns a dispute between two co-insureds on this insurance, only the co-insured designated by the policyholder is entitled to legal assistance by TVM rechtshulp.
- If it concerns a dispute between two insureds on two different insurance policies with us, you are entitled to legal assistance from a lawyer of your choice.

22.8. Special details

Further special details include:

- You may not engage in the handling of your dispute without the permission of TVM rechtshulp.
- TVM rechtshulp provides the legal assistance itself, but May decide to delegate the handling to a lawyer. The lawyer must practice in the country in which the case will be heard.
- You can choose the lawyer to whom we assign the handling, if:
 - we assign the lawyer to represent your interests in judicial or administrative proceedings;
 - the opposite party also has legal assistance insurance and we are responsible for providing legal assistance.
- Do you want to change lawyers during the handling of your conflict? Then these costs will only be eligible for reimbursement after permission from TVM rechtshulp.

- If we are of the opinion that engaging an expert is necessary, we will engage one on your behalf. This could, for example, be a loss adjuster for making a survey report.
- We cannot be held liable for damage caused by the work of external lawyers or experts.
- Is there an ongoing dispute between you and TVM rechtshulp about how legal assistance should be provided?
 - you may present the case to an independent lawyer of your own choice.
 - We will pay the related costs and will handle your case further in the way advised by your lawyer.
 - Is TVM rechtshulp not allowed or able to pursue the case itself? Then you must ask another lawyer to continue the proceedings. This other lawyer must not be employed at the same law firm as the lawyer who assessed the dispute.
 - If a ruling goes against you, you may proceed with the action under your own name. You will then do this at your own expense.
 - If you eventually win the case, we will compensate you up to the maximum sum insured.
- Has another person caused you damage? And is it likely that he or she is unable to compensate you for this damage? Then TVM legal aid will pay this damage to you, up to a maximum of €1,250. It must then be established that you are entitled to this compensation. It must also be certain that you cannot be compensated for the damage in any other way.
- We only handle disputes involving an interest of more than €125. This minimum interest does not apply to traffic and criminal cases.
- TVM rechtshulp may terminate and buy off the handling of a case if the importance of the case does not outweigh the costs of legal assistance that must be incurred. You will then be entitled to compensation of an amount equal to the importance of the case.
- TVM rechtshulp will advance costs related to the handling of the dispute. These may include extrajudicial costs, litigation costs and deductible VAT. If you are compensated for these costs, for example because the court so decides, you will reimburse these costs to TVM rechtshulp.
- Are any bills eligible for compensation during the handling of your dispute and can you offset the VAT on these? Then we will not compensate this VAT.
- Is it unclear whether there really is a legal problem? Then you must have an expert report drawn up. This must include the cause, perpetrator and consequences of the damage. If this report shows that there is a legal problem, TVM rechtshulp will handle the case.

- 3.2. The NHT shall, with due regard for what has been stated in provision 7 of the Protocol, be authorised to decide whether an event in connection with which a claim to compensation is made should be considered as a consequence of the manifestation of the terrorism risk.
